Baird Barking Mad!

BY OUR CIVIC ROUNDSMAN

Premier Mike Baird has been under fire on several fronts in the past week in TWT Territory.

He has been defied by Hunters Hill Mayor Richard Quinn and Council that they can be personally charged with legal costs of action against the State Government being heard in the NSW Land and Environment Court against forced Council amalgamations.

Also Ryde Council is furious Baird has rejected the Council's unanimous plan to expand Blenheim Park at North Ryde with acquisition of several houses. Instead Baird has chosen to side with a developer for a 16 storey residential tower of 120 dwellings. Ryde Liberal Councillor Craig Chung who championed the park extension said he was "absolutely disgusted and appalled".

And Dictator Baird continues to be accused by supporters of the greyhound sport and industry. DETAILS INSIDE.
