

## FORCED COUNCIL AMALGAMATIONS – BAIRD YOU GOT IT WRONG!

Baird must BACK OFF his forced council amalgamations NOW.

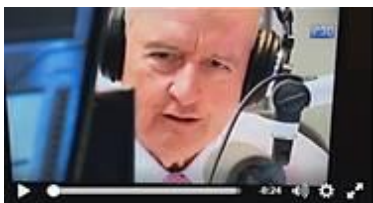

He is acting as a dictator. The Liberal/National Party in disarray - the media scathing.

Baird's forced council amalgamations are a disaster. He has no mandate for it. He has suffered a huge drop in popularity since its announcement in December. Baird – I got it wrong – the Cabinet got it wrong – the Government got it wrong. Totally appropriate words to describe this deeply flawed and undemocratic policy.

Baird's flawed policy is opposed by all other political parties. He can't be trusted.

Alan Jones with others are forcing Baird into retreat. Pressure on his leadership has never been greater. It is widely recognised that Baird has got it wrong. He must back off now. Otherwise resign.
