

A MESSAGE FROM THE GROUP 'PROTECT PITTWATER' RE: CROWD-FUNDING TO HELP BRING BACK PITTWATER COUNCIL

May 30, 2017 From [Protect Pittwater](#):

As you might know, former Pittwater councillor Bob Grace has been working on a community campaign to protect the area into the future.

AT RISK

We are getting in touch to let you know about our [crowd-funding campaign](#), which goes live at 1pm today Tuesday 31 May.

The campaign, run by the community association [Protect Pittwater](#), aims to raise money for legal action to restore Pittwater Council. We are asking you to help us by donating whatever you can.

Our initial goal is to raise \$10,000. Any amount donated – however large or small – will help. Bob – a retired barrister – says that's enough for legal advice and a statement of claim to get us into court.

Any money not used for legal costs will be put towards an ongoing campaign to protect the environment and character of the Pittwater area.

Please take a look at our crowd-funding page now, read the information and help us preserve Pittwater: <https://www.chuffed.org/project/protect-pittwater>

Pittwater Forever supports the new association [Protect Pittwater](#) and what it is doing in regards to this crowd-funding campaign and the [Bring Back Pittwater Council petition](#).
